

**Corrections to *Intrigue of the Past: North Carolina's First Peoples***  
(as of September 23, 2002)

*Introduction for Educators* [p. xiii]: The list of tribes on page xiii, paragraph 6, should include “Indians of Person County.” The list of organizations should include “Triangle Native American Society.”

*Lesson 2.1* [pp. 60-62]: The activity sheets on page 61 (“The Piedmont Site”) and page 62 (“The Grid Sheet”) have pages that are incorrectly scaled, and the activity sheet answers on page 60 must be revised to accommodate this change. These three pages should be replaced with the ones attached.

*Lesson 4.5* [p. 240]: The activity sheet on page 240 (“Feature Cards,” page 1) erroneously duplicates the one on page 242 (“Feature Cards,” page 3). The former sheet should be replaced with the page attached.

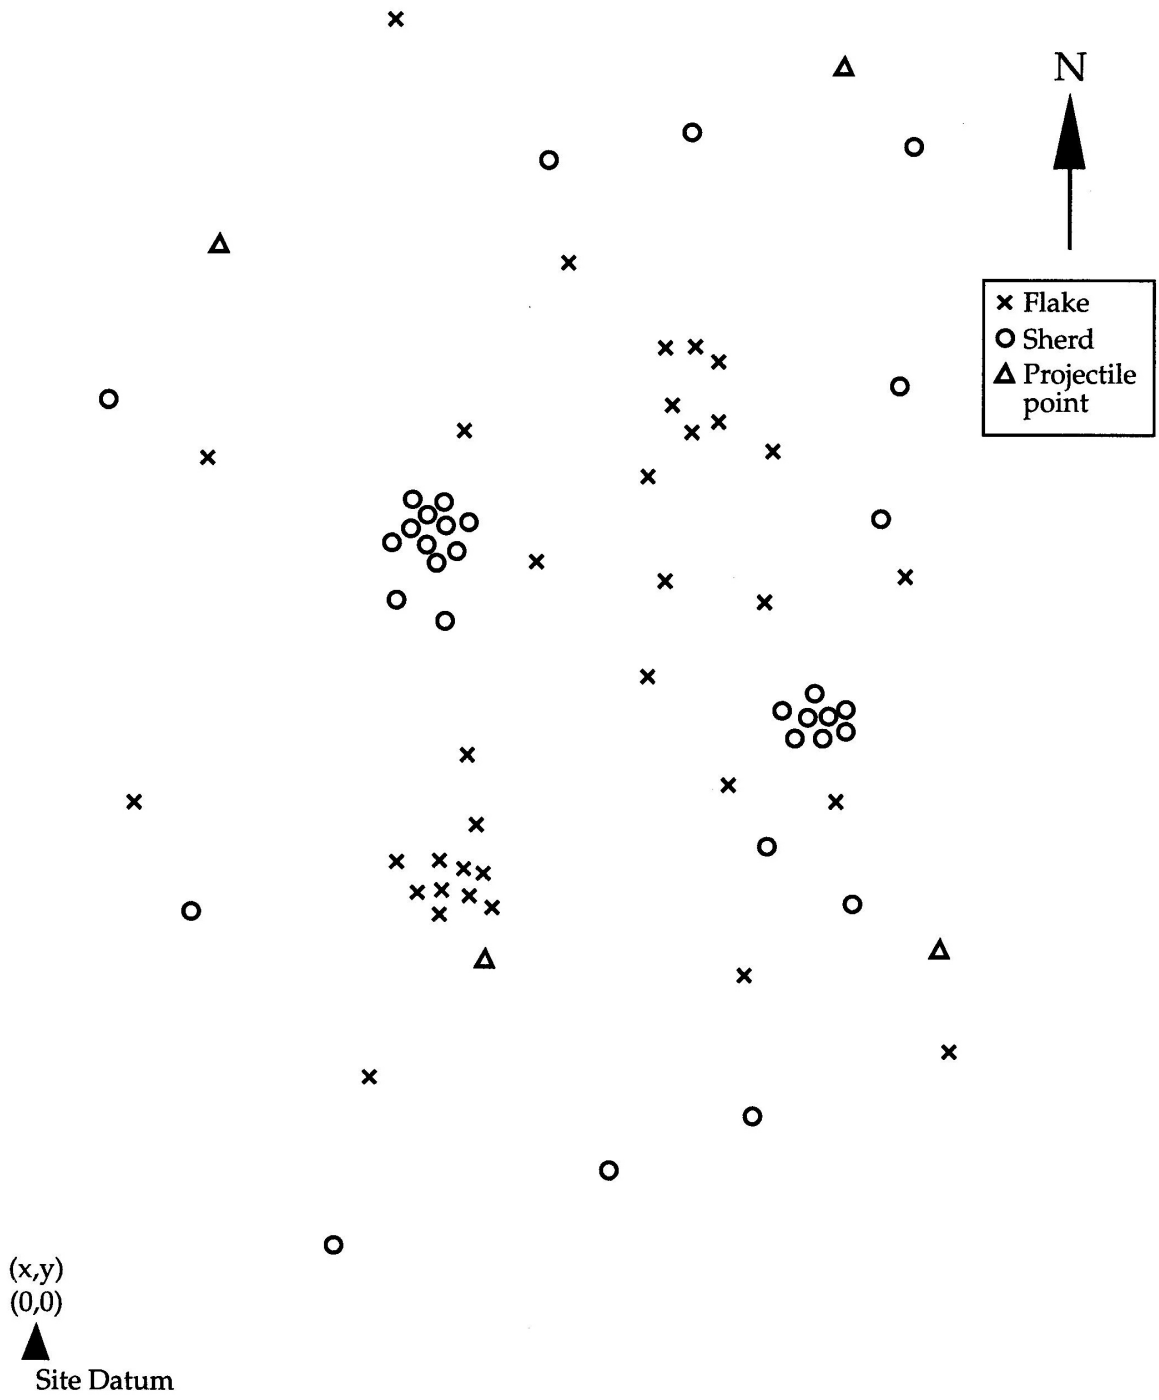

**“Artifact Location Record” Activity Sheet Answers:**

Note that the answers may vary depending on how the grid is placed and how assignment choices are made when artifacts fall on boundaries. The table below gives an example of how a typical “Artifact Location Record” might appear.
